AUSPITALITY

**CULINEX BY AUSPITALITY** is a leading kitchen consultancy firm specializing in high-performance commercial and professional kitchens. With a passion for culinary excellence and a commitment to engineering efficiency, we design kitchens that seamlessly blend innovation, ergonomics, safety, and profitability.

From boutique restaurants and luxury hotels to large-format food courts and cloud kitchens, our team ensures every space is built to perform — today and into the future.

### Our Vision

To redefine kitchen spaces by transforming them into smart, sustainable, and revenue-driven culinary ecosystems.

### Our Mission

To partner with entrepreneurs, hospitality brands, and developers to create kitchens that deliver operational precision, cost optimization, and superior culinary experiences.

### Our Approach

We believe great kitchens are designed from the inside out.

1. Understand the business model
2. Study menu & production flow
3. Design efficient zones
4. Optimize costs without compromising quality
5. Deliver future-ready solutions

Every plan is customized — never copied — ensuring maximum output with minimum wastage.

AUSPITALITY

## What We Do

### 1. Kitchen Planning & Concept Design

- Workflow-optimized layouts
- BOH planning & zoning
- Space utilization strategies
- Cross-contamination prevention design
- HACCP & food-safety compliant planning

### 2. Equipment Specification & BOQ

- Brand-agnostic equipment selection
- BOQ preparation & technical specifications
- Vendor comparison & procurement guidance
- Energy-efficient recommendations

### 3. MEP Coordination

- Exhaust & ventilation planning
- LPG, PNG & induction kitchen planning
- Electrical load distribution
- Drainage, water & grease trap layouts

### 4. Project Execution Support

- CAD drawings & shop drawings
- Installation supervision
- Commissioning assistance
- Final inspection & handover support

### 5. Operational Consultancy

- SOP development
- Staffing & workflow mapping
- Menu-equipment alignment
- Preventive maintenance guidance
